1

CHRIST-CENTERED

We believe that all things flow through our Savior. Our missions, goals, decisions, and reactions all relate to our Lord, who is our guide and leader.

2

LIFE LONG LEARNERS

Learning never ends. Students, teachers and principal never stop learning and there will always be more to learn. Even more importantly, we want to continue learning and have a "thirst" for more knowledge drives us to seek knowledge.

3

WORLD CHANGERS

We are world changers, or people that not only have knowledge, but also have the wisdom to use that knowledge to make our lives, jobs, and world a better place for ourselves and others.
